Working chair

(Mechanic's detailing seat)

Model: JTM40000

Product: Working chair/mechanic’s detailing seat

Description: Designed specifically for automotive professionals and enthusiasts who spend extended periods working on vehicles. This seat combines ergonomic design, durable construction, and practical features to enhance comfort and efficiency while performing detailed work on vehicles.

Features:	Benefits:
Durability	Heavy-Duty Frame: Constructed from high-quality materials like steel or reinforced plastic to withstand heavy use in a garage or workshop environment. Sturdy Casters: Equipped with durable casters that allow smooth movement and can handle the rough surfaces commonly found in garages.
Practical Storage	Built-In Tool Tray: A tool tray or compartments under the seat or at the base provide convenient storage for tools and small parts, keeping them within easy reach.
Portability	Smooth-Rolling Wheels: Heavy-duty wheels or casters ensure easy movement around the workshop, allowing you to position yourself quickly and efficiently. Compact Design: The seat is designed to be compact, making it easy to maneuver in tight spaces around vehicles.
Enhanced Stability	Wide Base: A wide base provides stability and prevents tipping, ensuring safety while you work. Brake Mechanism: Some models come with a brake mechanism on the wheels to lock the seat in place when needed.

Technical information	
Width	422 mm
Length	642 mm
Height	332 mm
Capacity	130 kg
Weight	5.5 kg
