

DP-Q01E

Wall mounted digital inflator
(Passenger & truck)

Model: DP-Q01E

Product: Wall mounted digital inflater

Description: The DP-Q01E Digital Tyre Inflator is a professional-grade tool designed for accurate and efficient tyre maintenance. Whether you're a mechanic, fleet manager, or car enthusiast, this inflator offers the precision and durability you need.

Features:	Benefits:
High-Precision Measurement	Equipped with an LCD display, the DP-Q01E provides accurate pressure readings with a precision of 0.2 psi, 0.01 kg/cm ² , 0.01 bar, and 1 kPa.
Multi-Functional Design	This tool combines three essential functions—pressure gauge, inflation, and deflation—into one compact unit, streamlining your tyre maintenance tasks.
Versatile Pressure Units	The DP-Q01E supports multiple pressure units, including psi, bar, kg/cm ² , and kPa, allowing for flexibility in various applications
Durable Construction	Built with a robust design, this inflator is engineered to withstand the demands of frequent use in professional settings.
	Enhanced Accuracy: Achieve precise tyre pressure adjustments, promoting optimal vehicle performance and safety.
	Time Efficiency: The integrated design reduces the need for multiple tools, saving time during tyre maintenance procedures.
	User-Friendly Operation: The clear LCD display and intuitive controls ensure ease of use, even for those with minimal technical experience.
Training available	Technicians can be professionally trained to use the machine and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.
Spares available	Should you have a breakdown you will not have to wait for your equipment to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.

Technical Information	
Display	LCD
Auxiliary function	Buzzer, light warning, identification code alarm report
Unit	PSI, BAR, KGF, KPA
Power	220v
Capacity	30W
Pressure output	10 Bar / 142 Psi
Range of testing pressure	1 - 7 Bar / 15 - 100 Psi
Dimension	360*260*1200 mm
Air line	10m
