

HJ2903

Farm Jack
(3 ton)

Model: HJ2903

Product: Farm Jack

Description: A rugged, multi-purpose mechanical lifting tool designed for heavy-duty use in agriculture, off-road recovery, and workshops. Built with a tall steel beam and a ratchet-style climbing mechanism, it offers a wide lifting range—from low-profile starts to impressive maximum heights—making it suitable for vehicles and equipment with high ground clearance.

Unlike hydraulic jacks, the farm jack's simple mechanical design ensures reliability in demanding or remote environments. It can be used for lifting, pulling, clamping, spreading, or winching, giving farmers, 4×4 enthusiasts, and mechanics a single tool that does it all.

Features:	Benefits:
Heavy-Duty Steel Construction	Built tough to handle demanding farm, workshop, and recovery tasks.
48" High-Lift Design	Provides a wide lifting range, ideal for high-clearance vehicles and equipment.
Multi-Purpose Functionality	Can lift, pull, clamp, winch, or spread, making it extremely versatile.
Mechanical Ratchet System	Simple, reliable operation without dependence on hydraulics.
Large Stable Base Plate	Distributes load evenly and helps prevent sinking on softer ground
Safety Shear Bolt	Prevents overloading and protects the jack from damage.
Portable & Compact	Easy to store in a workshop or mount on a vehicle for off-road use.
	Versatility in One Tool – Saves time and money by combining multiple functions into a single jack.
	Handles Tough Jobs – Strong enough to manage tractors, trailers, 4×4 vehicles, and farm machinery.
	Ideal for Remote Environments – Mechanical design means fewer failure points compared to hydraulic jacks.
	Improved Safety – Secure ratchet system and overload protection ensure safe operation.
	Ready for Emergencies – A must-have for off-roaders, farmers, and anyone working in rugged terrain.
	Long Service Life – Durable steel build guarantees reliability under harsh conditions.
Training available	Technicians can be professionally trained to use the machine and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.

Colors and designs may differ

10 Keymax Park, 1006 Ergon road, Lyttelton Manor, Gauteng

Spares available	Should you have a breakdown you will not have to wait for your equipment to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.
