

HM4011

Lifting table cart (300kg)

Model: HM4011

Product: 300kg lifting table cart

Description: The Handijack HM4011 is a heavy-duty 300 kg manual hydraulic lifting table cart designed for workshop, warehouse, and industrial environments where efficient material handling and ergonomic lifting are essential. Built with a robust steel scissor frame and a reliable foot-pump hydraulic system, the HM4011 allows users to lift, position, and transport heavy loads up to 300 kg with minimal physical effort. The smooth-rolling castors and ergonomic handle enable easy manoeuvrability across factory floors, while the precision hydraulic pump ensures smooth, stable vertical movement. This versatile lifting table is ideal for assembly tasks, loading/unloading, positioning workpieces at comfortable heights, and reducing strain from repetitive lifting tasks. Handijack products are manufactured by an established equipment provider with over 25 years of experience in professional material-handling tools

Features:	Benefits:
Load Capacity 300kg	Nominal safe working load
Manual Hydraulic Lift	Foot-pump operated for reliable, controlled lifting
Heavy-Duty Construction	Welded steel scissor frame for stability and long service life
Smooth Mobility	Four industrial wheels — typically 2 swivel and 2 fixed for controlled movement
Ergonomic Handle	Comfortable pushing and steering control
Safety Release Valve	Ensures controlled descent of the platform
Versatile Applications	Ideal for workshop lifting, positioning, and material transport
Compact, Mobile Design	Easily integrates into workflows without occupying permanent space
	Improves Workplace Safety: Reduces manual lifting and bending fatigue
	Enhances Productivity: Smooth lift and move operation accelerates workflow
	Durable Design: Built for everyday use in demanding environment
	Portable: Move loads between areas without fixed lift tables
Training available	Technicians can be professionally trained to use the equipment and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.
Spares available	Should you have a breakdown you will not have to wait for your equipment to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.

Technical information	
Min height	350 mm
Max height	1285 mm
Table size	820*520 mm
Net weight	95 kg
Packaging size	910*560*390 mm
