

HJ2806

Pin type trestles - set
(22 ton)

Model: HJ2806

Product: 22t pin type trestle (set)

Description: Built for heavy-duty automotive and workshop use, the Handijack HJ2806 delivers uncompromising safety, stability, and adaptability—ideal for supporting trucks, trailers, and industrial equipment.

Features:	Benefits:
Impressive Load Capacity	Supports up to 22 tons per pair—equivalent to 44,000 lb, perfect for industrial and commercial applications.
Wide Height Adjustment Range	Adjustable from approximately 12" to 20" to accommodate a variety of vehicle height
Secure Pin Mechanism	Heavy-duty locking pin ensures safe engagement; pin is tethered to prevent misplacement
Sturdy Base Design	Large 10" × 10" square base made of heavy steel, reinforced with gussets or a wide four-leg configuration to resist tipping or base warping
Effortless Positioning	Integrated carry handle (or similar) allows easy placement and handling in shop environments
Vehicle-Friendly Saddle	V-shaped or lugged saddle design ensures stable, centered support under frames or axles.
	Designed for maximum strength and durability in demanding commercial, agricultural, and construction environments.
	The robust height adjustability saves time and improves workflow when servicing different vehicle heights.
	Enhanced safety measures—from tethered lock pins to wide bases—minimize risk and improve confidence when working under heavy loads.
	Smooth integration into any professional workshop thanks to its portable yet sturdy design.
Training available	Technicians can be professionally trained to use the equipment and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.
Spares available	Should you have a breakdown you will not have to wait for your machine to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.
